

## Canadian Institute of Nuclear Physics Institut canadien de physique nucléaire

### **1. Policy on Collaboration Meeting Support Applications**

The CINP normally does not provide funding for Collaboration Meetings. If your meeting falls in this category, you will have to demonstrate a special need or opportunity to qualify for funding.

Approved by the Board: April 19, 2011.

### **2. Policy on Last Minute Conference Support Applications**

Applications for conference or workshop support will only be considered by CINP if they are received by the earlier of:

- i)* the abstract submission and early registration deadlines of the event.
- ii)* four months before the start of the event.

Approved unanimously by the Board: September 24, 2018.

### **3. Policy on Off Shore Conference Support Applications**

The CINP will only consider support for conferences held outside of Canada if there is a very significant Canadian role in the organization of the conference, including one of the lead conference organizers and program or organizing committee membership. The Board will prioritize conferences held within Canada over those held offshore, subject to budget constraints.

Approved by the Board: May 2, 2025.
